COMPANY OVERVIEW

2025

INTRODUCING @LEISURE

@leisure is one of Australia's leading sports and aquatic management consultancies. We have been providing services to government and sports for over 30 years. We employ staff who have managed centres and who have specialist experience in assessing demand, services, costs, and facility design and to address all customers including people of all ages, abilities and gender identities.

We specialise in planning and designing public spaces and facilities to support active lifestyles and enhance leisure experiences, including aquatics.

We employ professionals from a range of disciplines including recreation, strategic and environmental and urban planning, sports and project management, marketing, and business. With its multidisciplinary team @leisure delivers a range of project types, including:

- Aquatic feasibility and business cases
- Aquatic strategies and development plans
- Master Planning and Design input
- Business plans and management reviews
- Open Space Planning
- Demand modelling, market assessments and stakeholder engagement

We are known for our consultative style, the ability to work co-operatively, rigorous methods and extensive research skills.

Our community, staff and stakeholder engagement process is tailored to each individual project to ensure financial, social and environmental objectives are met.

We offer our clients the full range of skills needed to undertake projects efficiently, while providing the depth of knowledge necessary to ensure outcomes are practical to implement.

By addressing the specific needs of key stakeholders and a wide range of user groups, we ensure that projects succeed on the ground.

SPECIALISTS IN

* MASTER PLANS

* STRATEGIC PLANS

* FEASIBILITY STUDIES

* BUSINESS CASES

* OPEN SPACE STUDIES

* POLICY DEVELOPMENT

* RESEARCH AND ANALYSIS

For sports and recreation facilities, reserves, showgrounds, aquatic facilities new residential developments.

SPORT

- Feasibility studies and business cases
- Indoor/outdoor sport facility planning and design
- Strategic plans for sports
- Demand projections and modelling
- Master plans and management plans
- Management plans

RECREATION PLANNING

- Participation and activation strategies
- Community engagement; surveys and market research
- Access and inclusion
- Recreation strategies and needs assessments
- Community infrastructure planning

OPEN SPACE

- Open space strategies
- Open space planning for new residential development and structure plans
- Peer reviews and expert witness statements
- GIS mapping and catchment analysis
- Master plans and designs
- Water based recreation plans

AQUATICS

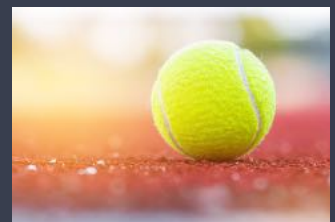

- Aquatic feasibility and business cases
- Aquatic strategies and development plans
- Design input
- Business plans and management reviews
- Demand modelling, market assessments and stakeholder engagement

SKATE/BMX/MTB

- Skate / BMX / scooter / MTB strategic plans
- Youth facility strategies
- Facility audits, risk assessments, retrofits
- Management plans

TRAILS/CYCLING/WALKING

- Off-road trail strategies
- Off-road trail and path route-way planning
- Cycling, walking and equestrian strategies
- Off-road trails and path design
- Cycle sport strategies and feasibility assessments

TRACK RECORD

Thanks for all the hard work. It's an enormous amount of information that you have worked hard to get together and it's very informative. It was very enjoyable to read and we are going to get off lot of out of it. - Sport and Recreation Victoria - Central Goldfields Places for Play Space Strategy

"This is the best of these types of plans I've seen," Powerhouse Rugby Club - Albert Park Sports Management Plan.

"I was impressed by your work on the Dandenong Study - " Eastern Suburbs and Churches Table Tennis Association - Greater Dandenong Table Tennis Feasibility Study

"Excellent work. Very comprehensive and the report addressed all aspects we were looking for Good work Michael!"

Project Manager, Bialik College - Warm Water Pool Feasibility Study

"The brief looks terrific. Nothing to add - it's brilliant."

President, Bathurst Little Athletics Club - Charles Sturt University Bathurst Campus Athletics Track Feasibility Study

"Thanks Sally for all your work! These (designs) look amazing at first glance."

Bryn Hannan, Team Leader Active Lifestyle - City of Clarence, Cambridge Memorial Oval and Indoor Sports Facility Master Plan.

"You were amazing thank you. It hit the nail on the head with some questions they had already flagged to the council."

Josh Trowell, Bannockburn Resident - Bannockburn Recreation Reserve Expert Witness for Rezoning objection

"It has been a pleasure working with you and we appreciate the patience you showed us as the project and resources shifted. Many thanks."

Claire Ulcoq, Coordinator Open Space, City of Port Phillip - Play Space Strategy Refresh

"A massive thank you for working in partnership on the Recreational Facilities for Mountain Bike and BMX Strategy and Pilot Program over the past 2.5 years!

Council adopted (unanimously) both the Strategy and the Pilot Program Evaluation Report/Delivery Model. This will positively impact the community in creating more future recreational opportunities for Mountain Bike and BMX across the Peninsula (and beyond!).

Thank you for all of your hard work and support in making this possible. This is greatly

appreciated. Have really enjoyed working with you."

Jayne Robinson, Recreation Planning and Project Officer, Mornington Peninsula Shire. Recreational MTB and BMX Strategy

"Thank you for the work you have completed for us. You have developed a really detailed master plan, a lot more comprehensive than previous reports that we have received. This will be used to guide us into the future"

Robert Morton, Recreation Planner, Manningham City Council. Wonga Park Master Plan.

"Amazing work - very exciting for the sport and users"

Nadia Smith, Senior Strategic Planner, Mornington Peninsula Shire. Recreational MTB and BMX Strategy

"With the significant change expected to occur in Sunshine over the next 10 years it was critical that a strategic assessment was conducted to identify the future and true potential of Sunshine Leisure Centre. @leisure Planners delivered a thorough and informative assessment of our facility which will undoubtedly greatly assist with future plans for the site. "

John Clark, former Manager Brimbank Leisure Centre - Brimbank Sunshine Leisure Centre Strategic Assessment

"The masterplan report was received really well. No one had any feedback on the report which was fantastic. It's probably one of the first times I've ever not had people want to change words. We're making recommendations for a potentially \$80 million facility in five years. It was a fantastic report. You pretty much nailed it, the first time. So well done guys. It was really good. Thank you."

Sara Townsend. Recreation and Events Coordinator - Bayside City Council Sandringham Family Leisure Centre Needs Assessment Facility Review and Master Plan.

"The work and project was fantastic. The Caulfield Racecourse Reserve Trust worked with Sally and provided from the State and broader region, a fantastic analysis of the recreation shortfalls in the region, not just those for the existing clubs but for sports that were absent In the area."

Andrew Paxton, General Manager - Caulfield Racecourse Reserve Trust (Strategic Sport and Active Recreation Plan)

"Really appreciate the work put in considering such tight timeframes!

I am sure that if successful in our application, it'll be due to the evidence provided in these documents. Thanks again."

Tristan Hennessy, Strategic Projects Planner - East Gippsland Shire Council (Benefits Assessment W.O.R.L.D Sporting Precinct)

SPORTS MASTER/CONCEPT PLANS

RECENT PROJECTS

WHO WE ARE

SALLY JEAVONS

Principal Planner

Grad Dip Market Modelling, Swinburne U.T
Grad Dip Recreation Planning, Canberra CAE
BA (Geography), University of New England

Sally has 40 years experience as a recreation planner and twenty years as a director of @leisure. She has managed local government recreation departments and has worked as an employee of state government in planning, recreation and housing departments.

Sally's experience includes a significant number of indoor/outdoor sports feasibility and business case projects, for state and local government and sports codes, including for facilities that cost over 100million dollars.

Sally has particular experience in market modelling, needs assessment, stakeholder engagement, sports facility planning and feasibility assessments. She has specialist experience in designing facilities to be gender and all ability inclusive.

Sally is a life member of PLA and Play Australia and won the prestigious Frank Stewart award for exceptional services to the industry in 2009.

MICHAEL GRAHAM

Senior Planner

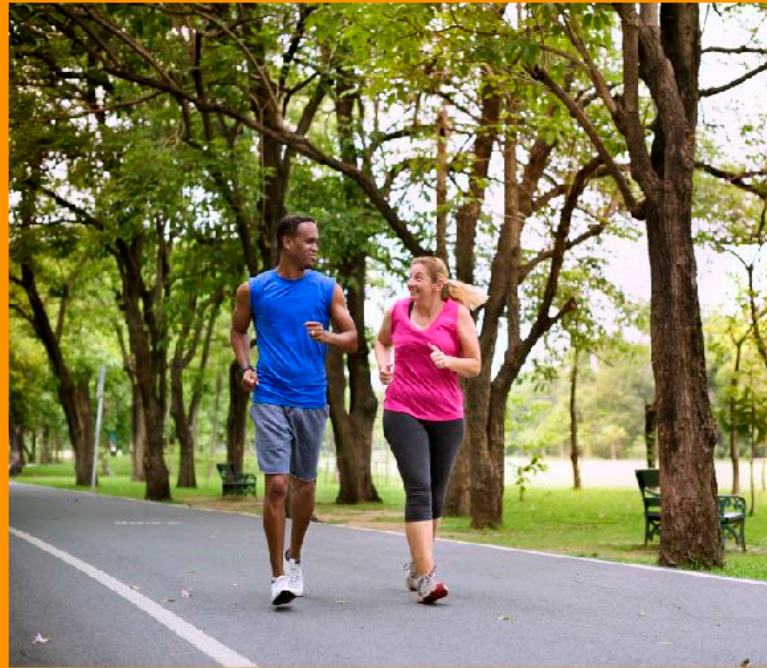

Bachelor of Arts - Recreation Management, Victoria University
Graduate Certificate - Business Marketing, RMIT University

Michael has worked in the industry for the past 28 years within local government, Universities, the YMCA, and Belgravia Leisure; an operator of leisure facilities, sports stadiums, golf courses, day spas, alpine resorts and events centres.

Michael has extensive experience undertaking leisure centre performance audits across both large and small leisure facilities in Victoria, South Australia, Queensland and the UAE. Identifying and planning for improved financial performance has been a key to his success.

Design for improved functionality, with equitable, sustainable and financial outcomes has been a key to his projects success. He has extensive experience in reviewing site options for facilities, opportunities, issues and design from the users or operators perspective.

Michael brings a very strong management skill set to the team, as well as capital works programming and asset management; marketing, community engagement and participation.

MARY KEYSER

Recreation and Open Space Planner

Masters of Landscape Architecture - University of Melbourne
Bachelor of Design (Landscape Architecture) - University of Melbourne

Mary brings design skills, land capability assessment, an environmental lens and landscape architecture skills to the team, as well as GIS and mapping experience.

Her recent experience includes demographic and demand assessment, site capability assessment concept and master planning for sports precincts in Melbourne, Sydney and Tasmania.

As a graduate of University of Melbourne Masters of Landscape Architecture she was nominee for the Hassell Travelling Scholarship for her landscape planning centered thesis. She keenly applies her cross-disciplinary knowledge of research-based design, design theory and creative process to strategic planning outcomes, and her understanding of sport as a participant.

Prior to joining @leisure Mary's experience included a landscape architect for Jeavons Landscape Architects, CUSP Landscape Architecture + Urban Design as a landscape technician and with Lend Lease (Project Co.) on the Melbourne Metro Project.

WHO WE ARE

@leisure have excellent relationships with numerous sports architects, aquatic engineers, landscape architects and cost planners who we can bring to projects as required.

KURT HEIGL

Sport and Recreation Planner

Bachelor of Sport Development - Deakin University

Kurt has worked at all levels of sport, including at schools, local associations, and governing bodies. He has most recently held roles at Cricket Australia in the facility management team and at Cricket Victoria in competition administration and support.

Because of these diverse experiences, Kurt understands the perspectives of varied stakeholders and users in the sporting community. He is passionate about improving the usability of sporting facilities through appropriate facility development and management requirements.

Kurt currently is involved in a number of demographic and market and site facility assessments, benchmarking, master planning, feasibility and strategy preparation in Victoria and Western Australia.

ADRIAN DIXON

Project and Business Administration Officer

Bachelor of Sport & Recreation Management/Business Management - Victoria University

Master of Sport Business Integrity - Victoria University

Adrian holds qualifications in a double degree in Sport & Recreation Management/Business Management, as well as a Master of Sport Business Integrity Degree, both studied at Victoria University.

Prior to joining at @leisure, Adrian worked for the Coburg Football Club, who currently play in the VFL competition, where he held roles and responsibilities working in logistics, football operations and digital/social media.

Adrian's experience includes administration and operations, logistics, digital/social Media, facility management and data management.

Adrian's role with @leisure includes project administration, and data collection and analysis.

FREDI SATYA

GIS Practitioner

Master of Science in Geography - Universitas Gadjah Mada, Yogyakarta, Indonesia.

Bachelor of Cartography and Remote Sensing - Universitas Gadjah Mada, Yogyakarta, Indonesia.

Fredi has 15 years of project experience in GIS and Spatial Mapping.

Fredi is highly skilled in Geographic Information Systems, Remote Sensing, Aerial Mapping, Spatial Modelling and Project Management.

Fredi's previously experience includes working for Land Victoria, in universities in Indonesia as a lecturer and has contributed to many publications. He was a Director and Senior GIS Analyst at Mitra Geomata, a GIS Consultancy based in Indonesia.

Since joining @leisure Fredi has been preparing distribution and diversity assessments using isochrone maps, walkability and gap analysis in open space. He has been overlaying social data such as need for assistance, age, and social disadvantage with open space classifications, features and access into public open space. Recently he has been worked on Projects such as the Maribyrnong River Paddle Access Plan, The Ballarat Open Space Strategy and the Play and Passive Park Gap Analysis for the City of Moonee Valley, along with catchment mapping for sports facility assessments.
